MINSUD RESOURCES CORP.

MANAGEMENT INFORMATION CIRCULAR
as at October 19, 2026

MANAGEMENT SOLICITATION OF PROXIES

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of Minsud Resources Corp. (the "**Corporation**") to be used at the annual general and special Meeting of the holders of common shares of the Corporation (the "**Common Shares**") to be held on Tuesday, November 24, 2026 at 11:00 a.m. (Toronto time) (the "**Meeting**") at the offices of the Corporation's legal counsel, Miller Thomson LLP, Scotia Plaza, 40 King Street West, Suite 6600, Toronto, Ontario M5H 3S1, and at any adjournment or adjournments thereof for the purposes set out in the accompanying Notice of Annual General and Special Meeting of Shareholders. In addition to solicitation by mail, certain officers, directors, employees and agents of the Corporation may solicit proxies by telephone, electronic mail, telecopies or personally. These persons will receive no compensation for such solicitation other than their regular fees or salaries. The cost of solicitation by management will be borne directly by the Corporation. The head office and registered office of the Corporation is located at 340 Richmond Street West, Toronto, Ontario, Canada, M5V 1X2.

VOTING IN PERSON AT THE MEETING

Registered shareholders and duly appointed proxy holders can vote in person at the Meeting. To vote in person at the Meeting each registered shareholder or duly appointed proxy holder will be required to register for the Meeting by identifying themselves at the registration desk. Non-registered beneficial shareholders, including non-objecting beneficial owners ("**NOBOs**"), must appoint themselves as a proxy holder to vote in person at the Meeting. Also see "Non-Registered Holders" below.

VOTING BY PROXY AT THE MEETING

If a registered shareholder cannot attend the Meeting but wishes to vote on the resolutions, the registered shareholder should sign, date and mail the enclosed form of proxy to the Corporation's registrar and transfer agent, TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, M5H 4H1 so it is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof. **The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. A shareholder giving a proxy can strike out the names of the nominees printed in the accompanying form of proxy and insert the name of another nominee in the space provided, or the shareholder may complete another form of proxy. A proxy nominee need not be a shareholder of the Corporation.** A shareholder giving a proxy has the right to attend the Meeting, or appoint someone else to attend as his or her proxy at the Meeting and the proxy submitted earlier can be revoked in the manner described below under "Revocation of Proxies".

HOW PROXY WILL BE VOTED

The Common Shares represented by a properly executed proxy will be voted in accordance with the directions given in the proxy. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item must be left blank. **If no choice is specified in the proxy, and the nominee is proposed by management, the nominee will vote the Common Shares represented by the proxy in favour of each item left blank.** The enclosed form of proxy confers discretionary authority upon the persons named in the proxy. The discretionary authority so granted may be exercised with respect to amendments or variations to matters which may properly come before the Meeting, unless the shareholder deletes the discretionary authority from the proxy. As at the date of this Management Information Circular, management of the Corporation is not aware of any such amendment or variation or any other matter to come before the Meeting other than those referred to in the accompanying Notice of Meeting. However, if any other matters that are not now known to management should properly come before the Meeting, the Common Shares represented by proxies given in favour of management nominees will be voted on such matters in accordance with the best judgment of such nominees.

REVOCATION OF PROXIES

A shareholder giving a proxy has the power to revoke it. Such revocation may be made by the shareholder attending the Meeting by fully executing another form of proxy bearing a later date and duly depositing the same before the specified time, or by written instrument revoking such proxy duly executed by the shareholder or his or her attorney authorized in writing or, if the shareholder is a body corporate, under its corporate seal or by an officer or attorney thereof, duly authorized, and deposited either at the registered office of the Corporation, at any time up to and including the last business day preceding the date of the Meeting or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. Such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

NON-REGISTERED HOLDERS

In many cases, Common Shares beneficially owned by a holder (a "**Non-Registered Holder**") are registered either:

(a) in the name of an intermediary that the Non-Registered Holder deals with in respect of the Common Shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or,

(b) in the name of a depository (such as The Canadian Depository for Securities Limited or "**CDS**").

Non-Registered Holders do not appear on the list of shareholders of the Corporation maintained by the transfer agent.

In accordance with Canadian securities law, the Corporation has distributed copies of the Notice of Meeting, this Management Information Circular and the form of proxy (collectively, the "**meeting materials**") to CDS and intermediaries for onward distribution to Non-Registered Holders (other than NOBOs). The Corporation's transfer agent has distributed copies of the meeting material directly to NOBOs.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Typically, intermediaries will use a service company (such as Broadridge) to forward the meeting materials to Non-Registered Holders.

Non-Registered Holders will receive either a voting instruction form or, less frequently, a form of proxy. The purpose of these forms is to permit Non-Registered Holders to direct the voting of the Common Shares they beneficially own. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

(c) *Voting Instruction Form*. In most cases, a Non-Registered Holder will receive, as part of the meeting materials, a voting instruction form. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Holder's behalf), the Non-Registered Holder must complete, sign and return the voting instruction form in accordance with the directions provided and a form of proxy giving the right to attend and vote will be forwarded to the Non-Registered Holder; or

(d) *Form of Proxy*. Less frequently, a Non-Registered Holder will receive, as part of the meeting materials, a form of proxy that has already been signed by the intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the Non-Registered Holder must complete the form of proxy and deposit it with the Corporation's registrar and transfer agent, TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, M5H 4H1, as described above. If a Non- Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the Non-Registered Holder must strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided.

Non-Objecting Beneficial Owners

The meeting materials are being sent to both registered holders of Common Shares and Non-Registered Holders. If you are a Non-Registered Holder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send the meeting materials to you directly, the Corporation or its agent (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering the meeting materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions or form of proxy delivered to you.

Objecting Beneficial Holders

Intermediaries are required to forward the meeting materials to non-registered owners who have advised their intermediary that they object to the intermediary providing their ownership information ("**Objecting Beneficial Owners**", or "**OBO**") unless an OBO has waived the right to receive them. Very often, intermediaries will use service companies to forward proxy related materials to OBOs. Generally, OBOs who have not waived the right to receive proxy-related materials will either be given a form of proxy or voting instruction form, as described above. Management of the Corporation intends to pay for intermediaries to forward the meeting materials to OBOs.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Management of the Corporation is not aware of a material interest, direct or indirect, by way of beneficial ownership of Common Shares or otherwise, of any director or officer of the Corporation at any time since the beginning of the Corporation's last financial year, of any proposed nominee for election as a director of the Corporation, or of any associate or affiliate of any such person, in any matter to be acted upon at the Meeting other than the election of directors or the approval of the Stock Option Plan.

APPROVAL OF STOCK OPTION PLAN

The Corporation has in place a "rolling" stock option plan (the "**Stock Option Plan**") which was last approved by shareholders of the Corporation on November 4, 2025. The Stock Option Plan is a "rolling" stock option plan, pursuant to which the number of common shares that may be issued upon exercise of options may not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis at any time and such aggregate number of Common Shares automatically increases or decreases as the number of issued and outstanding common shares of the Corporation changes.

As of the date of this Management Information Circular, a total of 16,689,542 common shares were reserved for issuance under the Stock Option Plan (10% of the issued and outstanding common shares), of which a total of 13,510,000 common shares are reserved for the exercise of outstanding options (being approximately 8.09% of the issued and outstanding common shares). As of the date of this Management Information Circular, a total of 3,179,542 common shares remain available for issuance upon the exercise of options which may be granted in the future under the Stock Option Plan.

A summary of the terms of the Stock Option Plan are below which is qualified in its entirety by the full text of the Stock Option Plan attached as Schedule "C" to the Corporation's management information circular dated August 24, 2023.

Summary Terms of the Stock Option Plan

The purpose of the Stock Option Plan is to attract, retain and motivate directors, officers, employees and consultants by providing them with the opportunity, through stock options, to acquire a proprietary interest in the Corporation and benefit from the growth of the Corporation. Options issued under the Stock Option Plan are non-assignable and non-transferable, other than pursuant to a will or by the laws of descent and distribution, and may be granted for a term not exceeding ten years.

The Stock Option Plan is administered by the Corporation's board of directors or a committee established by the board of directors for that purpose (the "**Committee**"). The Stock Option Plan may be amended or terminated by the Board or the Committee at any time (subject to regulatory and shareholder approval as applicable), but such amendment or termination will not alter the terms or conditions of any option awarded prior to the date of such amendment or termination. Any option outstanding when the Stock Option Plan is amended or terminated will remain in effect until it is exercised or expires or is otherwise terminated in accordance with the provisions of the Stock Option Plan.

The Stock Option Plan provides that other terms and conditions, including vesting provisions, may be attached to a particular stock option at the discretion of the Board or the Committee, provided that if required by any stock exchange

on which the shares of the Corporation trade, options issued to consultants which provide investor relations activities must vest in stages over not less than 12 months with no more than one-quarter of the options vesting in any three month period. All option grants are to be evidenced by the execution of an option agreement between the Corporation and the optionee which shall give effect to the provisions of the Stock Option Plan.

Options may be granted under the Stock Option Plan only to directors, officers, employees and consultants of the Corporation subject to the rules and regulations of applicable regulatory authorities and any Canadian stock exchange upon which the Common Shares may be listed or may trade from time to time. The aggregate number of Common Shares which may be reserved for issuance to any one individual under the Stock Option Plan within any 12 month period shall not exceed 5% of the Common Shares issued and outstanding at the date of the grant (on a non-diluted basis) unless the Corporation has obtained the requisite disinterested shareholder approval.

Further, the aggregate number of Common Shares which may be reserved for issuance under the Stock Option Plan within a 12 month period:

(m) to any consultant to the Corporation shall not exceed 2% of the number of Common Shares issued and outstanding on the date of the grant (on a non-diluted basis); and

(n) to all employees or consultants who provide investor relations activities shall not exceed 2% of the number of Common Shares issued and outstanding on the date of the grant (on a non-diluted basis).

In the event an optionee ceases to be a director, employee or consultant of the Corporation (other than by reason of death), the vested stock options will expire on the earlier of the expiry date stated in the option agreement executed in respect to such grant and one year following the date of termination.

In the event of death of an optionee, the options will be exercisable by the personal representatives of the optionee within, but only within, the period of one year next succeeding the optionee's death.

The price at which an optionee may purchase a Common Share upon the exercise of an option will be as set forth in the option agreement executed in respect of such option and, in any event, will not be less than the market price of the Common Shares as of the date of the grant of the stock option (the "**Grant Date**") less any discounts from the market price allowed by the TSX Venture Exchange, subject to a minimum exercise price of $0.10. The market price of the Common Shares means the closing price on the last trading day immediately preceding the Grant Date or as otherwise determined in accordance with the terms of the Stock Option Plan.

Common Shares will not be issued pursuant to options granted under the Stock Option Plan until they have been fully paid for.

In response to recent changes to Canadian tax laws relating to the treatment of stock options, the Stock Option Plan provides the Corporation with the express authority to withhold and remit taxes to the Canada Revenue Agency in respect of the taxable portion of the benefit realized by optionees upon the exercise of stock options under the Stock Option Plan.

Management is of the opinion that the Stock Option Plan will be beneficial to the Corporation as it will provide the Corporation with flexibility to grant options and permits the Corporation to continue to attract, retain and motivate directors, senior officers, employees and other service providers.

Net Exercise

The Stock Option Plan permits option holders to exercise options on a "Net Exercise" basis. "Net Exercise" is a method of option exercise under which the option holder does not make any payment to the issuer for the exercise of their options and receives on exercise a number of shares equal to the intrinsic value (current market price less the exercise price) of the option valued at the current market price. Under TSX Venture Policy 4.4, the current market price must be the 5-day volume weighted average trading price prior to option exercise. "Net Exercise" may not be utilized by persons performing investor relations services.

Pursuant to Section 3.8. of the Stock Option Plan, in the event of a Net Exercise, the number of Options exercised, surrendered or converted, and not the number of Common Shares actually issued by the Company, must be included in calculating the limits set forth in Section 2.6 and Section 2.7 of the Stock Option Plan.

Vote Required

In accordance with the policies of the TSX Venture Exchange, the Corporation is required to seek shareholder approval for any "rolling" stock option plan on an annual basis. Accordingly, shareholders at the Meeting will be asked to consider and, if thought appropriate, to authorize and approve an ordinary resolution (the "**Stock Option Plan Resolution**") to approve the Stock Option Plan. **The directors of the Corporation unanimously recommend approval of the Stock Option Resolution.** The following is the text of the Stock Option Plan Resolution which will be put forward at the Meeting for approval by the Shareholders of the Corporation:

"**BE IT HEREBY RESOLVED** as an ordinary resolution of the Corporation that:

1. the stock option plan of the Corporation in the form attached as Schedule "C" to the Corporation's management information circular dated August 24, 2023 (the "**Stock Option Plan**") is hereby approved, ratified and confirmed, subject to applicable regulatory approval;

2. the form of the Stock Option Plan may be amended in order to satisfy the requirements or requests of any regulatory authorities without requiring further approval of the shareholders of the Corporation; and

3. any director or officer of the Corporation be, and such director or officer of the Corporation hereby is, authorized, instructed and empowered, acting for, in the name of and on behalf of the Corporation, to do or to cause to be done all such other acts and things as may be necessary or desirable in the opinion of such director or officer of the Corporation in order to fulfill the intent of this resolution."

Unless the shareholder has specifically instructed in the enclosed form of proxy that the Common Shares represented by such proxy are to be voted against the Stock Option Plan Resolution, the persons named in the enclosed form of proxy will vote FOR the Stock Option Plan Resolution. In order to be effected, the Stock Option Plan Resolution must be approved by a simple majority of the votes cast at the Meeting in person or by proxy.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Corporation has implemented and maintains an executive compensation program that aims to provide rewards to the Named Executive Officers, as such term is defined in Form 51-102F6V *Statement of Executive Compensation – Venture Issuers*, and other employees, that are consistent with the contributions made by those persons to the Corporation's corporate performance. The principal objective of the Corporation is to attract and retain high quality executives and to provide an incentive for said executives to contribute to the interests of the Corporation. The total compensation for executives includes three components during the most recently completed financial year, being base annual compensation, discretionary bonuses and awards of stock options.

The Board, with the advice of the Compensation Committee, is responsible for compensation and performance evaluation of senior officers, the development of the Corporation's compensation structure for the senior officers of the Corporation, and the development of the Corporation's compensation structure for non-management directors. The Board commonly seeks the advice of its independent members and the Compensation Committee in fulfilling its responsibilities in developing an executive compensation structure for the Corporation. The Board is responsible for identifying the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage these risks. The Board is involved in the design of compensation policies to meet the specific compensation objectives discussed above and considers the risks relating to such policies, if any. The Board is ultimately responsible for ensuring compliance of the compensation policies and practices of the Corporation. To date, the Board has not identified any risks arising from the Corporation's compensation policies and practices that would be reasonably likely to have a material adverse effect on the Corporation.

Compensation Committee

Since March 29, 2016, the Board approved the creation of a Compensation Committee to assist the Board with fulfilling its responsibilities in connection with: (i) the recruitment, compensation and performance evaluation of the CEO and other senior officers of the Corporation; (ii) the adoption and use of long-term incentive compensation plans and equity-based plans; and (iii) the compensation of non-management directors.

The Compensation Committee is responsible for:

- reviewing the Corporation's overall compensation philosophy;
- making recommendations for approval by the Board regarding corporate goals and objectives relevant to CEO compensation (taking into account both short-term and long-term compensation goals), evaluating the CEO's performance in light of stated corporate goals and objectives and making recommendations for approval by the Board regarding the CEO's compensation level based on this evaluation;
- making recommendations for approval by the Board regarding the position description for the CEO;
- making recommendations for approval by the Board with respect to succession planning for the CEO (including when necessary the appointment of a new CEO or the dismissal of the existing CEO);
- overseeing the evaluation of the performance and effectiveness of the Corporation's other senior officers and making recommendations for approval by the Board regarding the compensation of senior officers other than the CEO;
- reviewing the adequacy, amount and form of compensation paid to each non-management director and making recommendations for approval by the Board thereon;
- making recommendations for approval by the Board with respect to the adoption, amendment and use of equity-based compensation plans, including the designation of those who may participate in such plans and the issuance of incentive options in accordance with such plans; and
- reviewing executive compensation disclosure information before the Corporation publicly discloses the information.

The Compensation Committee is composed of a majority of independent directors, being: Carlos A. Adamo (independent, Chair of Committee), Pablo Taussig (independent) and Agustin Dranovsky (non-independent). In connection with their past responsibilities and business experience, all members have provided advice on compensation policies and practices. As a result, the Board is of the view that the members of the Compensation Committee collectively have the relevant skills and experience necessary to enable the Compensation Committee to make decisions as to the Corporation's compensation policies and practices.

Annual Compensation

The Board is responsible for approving the base annual compensation payable to the CEO and other executive officers. The base annual compensation of each executive officer is influenced by the levels paid to executive officers of other publicly-traded junior mining companies. The base compensation for each individual is also determined based on the person's level of responsibility, the importance of the position to the Corporation, the amount of the individual's time dedicated to the Corporation and the individual's contribution to the Corporation's performance. The Board seeks the advice from the Compensation Committee and the independent directors when determining the base salary of its executives.

Annual discretionary bonuses

The Board is responsible for approving the annual incentive bonus payable to the CEO and other executive officers. The determination of the annual incentive bonus, if any, payable to each executive officer will be within the sole discretion of the Board. The Board seeks advice from the Compensation Committee and the independent directors when determining any annual incentive bonuses payable to its executives.

Stock options

In aligning the interests of executives with those of the long-term interests of shareholders, the Board has taken the view that the granting of stock options is an appropriate method of providing long-term incentives to senior executives of the Corporation. Grants are approved by the Board based on the recommendation of the CEO. The Board seeks advice from the Compensation Committee and the independent directors when determining any stock option grants to its executives. See above section "Approval of Stock Option Plan" for a summary of the terms of the Stock Option Plan which is qualified in its entirety by the full text of the Stock Option Plan attached as Schedule "C" to the Corporation's management information circular dated August 24, 2023.

Other Compensation-Related Matters

Financial Instruments: Although the Corporation has no formal policy in place, the Board discourages any purchases by directors and executive officers of financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Corporation's directors or executive officers.

SCHEDULE "A"

CORPORATE GOVERNANCE

Since the Corporation is a Tier 2 issuer on the TSX Venture Exchange, the Corporation has disclosed its governance practices in accordance with National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("**NI 58-101**"), as required under Form 58-101F2.

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the Shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Corporation. The Board is committed to sound corporate governance practices which are both in the interest of the Shareholders and which contribute to effective and efficient decision making.

Board of Directors

The Board is presently comprised of seven (7) members: Ramiro Massa, Carlos A. Adamo, Lucia Dragonetti, Agustin Dranovsky, Pablo Taussig, Paul Andersen and Alberto F. Orcoyen. Carlos A. Adamo, Lucia Dragonetti, Pablo Taussig, Paul Andersen and Alberto F. Orcoyen are considered to be independent directors of the Corporation. Mr. Agustin Dranovsky is the CEO and President of the Corporation, and is therefore not considered to be an independent director. Mr. Ramiro Massa was the CEO and President of the Corporation until September 18, 2024, and is therefore not considered to be an independent director. NI 58-101 suggests that the board of directors of a public company should be constituted with a majority of individuals who qualify as "independent" directors. An "independent" director is a director who has no direct or indirect material relationship with the Corporation. A material relationship is a relationship which could, in the view of the board of directors, reasonably interfere with the exercise of a director's independent judgment. As disclosed above, the Board consists of over 70% independent directors. The independent judgment of the Board in carrying out its responsibilities is the responsibility of all directors. The Board facilitates independent supervision of management through meetings of the Board and through frequent informal discussions among independent members of the Board and management. In addition, the Board has free access to the Corporation's external auditors, external legal counsel and to any of the Corporation's officers.

Directorships

None of the directors of the Corporation are directors of other reporting issuers or were directors of other reporting issuers during the most recently completed financial year.

Orientation and Continuing Education

Each new director is given an outline of the nature of the Corporation's business, its strategy and present issues with the Corporation. New directors are expected to meet with management of the Corporation to discuss and better understand the Corporation's business and are advised by the Corporation's legal counsel of their legal obligations as directors of the Corporation. The orientation and continuing education process is reviewed on an annual basis by the Board and is revised if necessary.

Ethical Business Conduct

The Board has approved a written Code of Business Conduct and Ethics (the "**Code**") that applies to all directors, officers, employees and consultants of the Corporation. A copy of the Code is available on SEDAR at www.sedarplus.ca. The Board is responsible for monitoring compliance with the Code. To facilitate the Board's monitoring of compliance with the Code, the Code requires all employees to promptly report any problems or concerns and any actual or potential violations of the Code to their manager or if that is not possible or the person does not feel comfortable doing so, to the Chairperson of the audit committee. The Code also provides for confidential reporting of violations by employees to the audit committee, directly or via the CFO and establishes a channel for direct or confidential reporting of any violations by officers and directors who become aware of any violation to the Code. To ensure that directors and officers exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest, the Code requires directors and officers who have a material interest in any transaction that the Corporation proposes to enter into, to disclose such interest to the Board and comply

with the applicable laws, rules and policies which govern conflicts of interest in connection with such transaction or agreement.

Nomination of Directors

The Board has not appointed a nominating committee. Given the Corporation's size and its stage of development, the Board considers a nominating committee to be unnecessary at this time. At present, the full Board is responsible for nominating directors.

Compensation

Since March 29, 2016, the Board approved the creation of a Compensation Committee to assist the Board within fulfilling its responsibilities in connection with: (i) the recruitment, compensation and performance evaluation of the CEO and other senior officers of the Corporation; (ii) the adoption and use of long-term incentive compensation plans and equity-based plans; and (iii) the compensation of non-management directors.

The Compensation Committee is responsible for:

- reviewing the Corporation's overall compensation philosophy;
- making recommendations for approval by the Board regarding corporate goals and objectives relevant to CEO compensation (taking into account both short-term and long-term compensation goals), evaluating the CEO's performance in light of stated corporate goals and objectives and making recommendations for approval by the Board regarding the CEO's compensation level based on this evaluation;
- making recommendations for approval by the Board regarding the position description for the CEO;
- making recommendations for approval by the Board with respect to succession planning for the CEO (including when necessary the appointment of a new CEO or the dismissal of the existing CEO);
- overseeing the evaluation of the performance and effectiveness of the Corporation's other senior officers and making recommendations for approval by the Board regarding the compensation of senior officers other than the CEO;
- reviewing the adequacy, amount and form of compensation paid to each non-management director and making recommendations for approval by the Board thereon;
- making recommendations for approval by the Board with respect to the adoption, amendment and use of equity-based compensation plans, including the designation of those who may participate in such plans and the issuance of incentive options in accordance with such plans; and
- reviewing executive compensation disclosure information before the Corporation publicly discloses the information.

The Compensation Committee is composed of a majority of independent directors, being: Carlos A. Adamo (independent, Chair of Committee), Pablo Taussig (independent) and Agustin Dranovsky (non-independent). In connection with their past responsibilities and business experience, all members have provided advice on compensation policies and practices. As a result, the Board is of the view that the members of the Compensation Committee collectively have the relevant skills and experience necessary to enable the Compensation Committee to make decisions as to the Corporation's compensation policies and practices.

Other Board of Directors Committees

The Corporation has no other standing committees at this time other than the audit committee discussed at Schedule "B" below.

Assessments

At present, the full Board is responsible for assessing the effectiveness of the Board, its committees and individual directors. The Board is sufficiently small to permit all directors to have input on matters on a regular basis and to informally assess the performance, effectiveness and contribution of directors of the Corporation throughout the year.

SCHEDULE "B"

AUDIT COMMITTEE

Under National Instrument 52-110 *Audit Committees* ("**NI 52-110**"), the Corporation is required to include in its information circular the disclosure required under Form 52-110F2. The disclosure required by Form 52-110F2 is set out below.

Audit Committee Charter and Terms of Reference, Purpose and Mandate

The primary function of the audit committee (the "**audit committee**") is to assist the Board in fulfilling its oversight responsibilities by reviewing:

(a) the financial information that will be provided to the shareholders and others;

(b) the systems of internal controls and accounting policies that management and the Board have established; and

(c) all audit processes.

Primary responsibility for the financial reporting, information systems, risk management and internal controls of the Corporation is vested in management and is overseen by the Board. Consistent with this function, the audit committee should encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels.

The text of the Corporation's audit committee charter can be found in the Corporation's management information circular dated September 2, 2014 available under the Corporation's profile on SEDAR at https://www.sedarplus.ca.

The audit committee's primary duties and responsibilities are to:

(d) Serve as an independent and objective party to monitor the Corporation's financial reporting process and the system of internal controls.

(e) Monitor the independence and performance of the Corporation's external auditors.

(f) Provide an open avenue of communication amongst the auditors, management and the Board.

Composition and Process

The audit committee shall be composed of a minimum of three directors, a majority of whom shall be "independent" as that term is defined in NI 52-110. Members shall be appointed by the Board on an annual basis, shall serve one-year terms and may serve consecutive terms, which are encouraged to ensure continuity of experience. The chair of the audit committee (the "**audit committee chair**") shall be appointed by the audit committee for a one-year term, and may serve any number of consecutive terms.

All members of the audit committee shall be financially literate. Financial literacy is the ability to read and understand balance sheets, income statements and statements of cash flows that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements. The audit committee chair shall, in consultation with management and the external auditor, establish the agenda for the meetings and ensure that properly prepared agenda materials are circulated to the members of the audit committee with sufficient time for study prior to the meeting. The external auditor will also receive notice of all meetings of the audit committee. The audit committee may employ a list of prepared questions and considerations as a portion of its review and assessment process. The audit committee shall meet as required. A quorum at meetings of the audit committee shall be a majority of its members. The audit committee may hold its meetings, and members of the audit committee may attend meetings, by telephone conference if this is deemed appropriate or make written resolutions which must be signed by all members of the audit committee. The audit committee chair shall appoint a secretary to keep all minutes of audit committee meetings, which secretary does not have to be a member of the audit committee or a director. The minutes of the audit committee meetings shall

accurately record the decisions reached and shall be distributed to audit committee members with copies to the Board, the CEO, the Chief Financial Officer and the external auditor.

The audit committee reviews, prior to their presentation to the Board and their release, all material financial information required by securities regulations. The audit committee enquires about potential claims, assessments and other contingent liabilities. The audit committee periodically reviews with management accounting policies for appropriateness and consistency.

Authority

The audit committee is appointed by the Board pursuant to provisions of the *Business Corporations Act* (Ontario) and the bylaws of the Corporation. Primary responsibility for the Corporation's financial reporting, accounting systems and internal controls is vested in senior management and is overseen by the Board. The audit committee is a standing committee of the Board established to assist it in fulfilling its responsibilities in this regard. The audit committee shall have responsibility for overseeing management reporting on internal controls. While it is management's responsibility to design and implement an effective system of internal control, it is the responsibility of the audit committee to ensure that management has done so. The audit committee shall have unrestricted access to the Corporation's personnel and documents and will be provided with the resources necessary to carry out its responsibilities. The audit committee shall have direct communication channels with the external auditors to discuss and review specific issues as appropriate. The audit committee shall have the sole authority to retain, or terminate, independent counsel, advisors or consultants as it determines necessary to assist the audit committee in discharging its functions hereunder. The audit committee shall be provided with the necessary funding to compensate the independent counsel, advisors or consultants retained by the audit committee.

Relationship with External Auditors

The external auditor must report directly to the audit committee. The audit committee is directly responsible for overseeing the work of the external auditor engaged for the purpose of preparing or issuing an auditors' report or performing other audit, review or attest services for the Corporation, including the resolution of disagreements between management and the external auditor regarding financial reporting. The audit committee shall implement structures and procedures to ensure that it meets with the external auditor at least once annually in the absence of management.

Accounting Systems, Internal Controls and Procedures

The audit committee shall obtain reasonable assurance from discussions with and/or reports from management, and reports from external auditors, that accounting systems are reliable and that the prescribed internal controls are operating effectively for the Corporation. The audit committee shall review to ensure to its satisfaction that adequate procedures are in place for the review of the Corporation's disclosure of financial information extracted or derived from the Corporation's financial statements and will periodically assess the adequacy of those procedures. The audit committee shall review with the external auditors the quality and not just the acceptability of the Corporation's accounting principles and direct the external auditors' examinations to particular areas. The audit committee will review control weaknesses identified by the external auditors, together with management's response and review with external auditors their view of the qualifications and performance of the key financial and accounting executives. In order to preserve the independence of the external auditor, the audit committee will:

(g) recommend to the Board the external auditor to be nominated for the purpose of preparing or issuing an auditors' report or performing other audit, review or attest services for the Corporation;

(h) recommend to the Board the compensation of the external auditors' engagement; and,

(i) review and pre-approve any engagements for non-audit services to be provided by the external auditors or its affiliates, together with estimated fees, and consider the impact, if any, on the independence of the external auditor.

The audit committee will review with management, and with the external auditor, any proposed changes in major accounting policies, the presentation and impact of significant risks and uncertainties, and key estimates and judgments

of management that may be material to financial reporting. The audit committee shall establish procedures for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters and the confidential anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters. The audit committee shall establish a periodic review procedure to ensure that the external auditor complies with the Canadian Public Accountability Regime under National Instrument 52-108 "Auditor Oversight". The audit committee shall review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor of the Corporation.

Statutory and Regulatory Responsibilities

With respect to the annual financial information of the Corporation, the audit committee shall review the annual audited financial statements, annual management's discussion and analysis ("**MD&A**") and related press releases, if any, and recommend their approval to the Board, after discussing matters such as the selection of accounting policies, including any changes thereto, major accounting judgments, accruals and estimates with management and the external auditor. With respect to the interim financial information of the Corporation, the audit committee shall review the interim financial statements, interim MD&A and recommend their approval to the Board. If the Corporation chooses to provide earnings guidance and/or forecasts, the audit committee shall review any such forecasted financial information and forward looking statements regarding forecasted financial information, if any. In addition, the audit committee must review the Corporation's press releases pertaining to the financial statements, MD&A and earnings updates, if any, before the Corporation publicly discloses this information.

Reporting

The audit committee will report, through the audit committee chair, to the Board following each meeting of the audit committee on the major discussions and decisions made by the audit committee, and report annually to the Board on the audit committee's responsibilities and how it has discharged them. In addition, the audit committee will review and reassess their charter annually and recommended any proposed changes to the Board.
